Appleton Roebuck
Primary School
Where learning comes to life!

A word from Mr Styles

Welcome to everyone's favourite Friday night read (especially if you have a glass of something fizzy in hand!) - the Appleton Echo!

What a fantastic first full week back! The children have been absolutely brilliant, settling into their learning routines with such enthusiasm and energy. It's been wonderful to see them coming through the doors each morning ready to learn, play, and make the most of every moment together. They've truly shown what Appleton superstars look like!

Class welcome meetings – next week:

Don't forget that our class welcome meetings are taking place next week. Please check your class newsletters for the specific dates and times for your child(ren)'s class(es). This is a great opportunity to meet your child(ren)'s teacher(s), find out more about the class routines and expectations, and ask any questions you may have. We're really looking forward to seeing you there!

Family Groups are here:

This week, we introduced the children to our new Family Group assemblies, and they'll be starting properly next week. Every child from Reception to Year 6 is part of a Family Group led by a member of staff – and the best bit? They're grouped with their siblings too!

The aim of Family Group time is to develop a greater sense of community across the year groups and to help our children grow socially, morally, spiritually and culturally. These sessions will do wonders for building relationships across different year groups, and I'm really excited to see them in action next week. If your children haven't told you about it already, please ask them – I'm sure they'll have lots to say!

Michael Jordan Is coming to Appleton... sort of:

Next week, I'll be visiting each class to share the story of Michael Jordan's childhood and the attitude that made him one of the best athletes of his, or any generation! I'm really looking forward to spending time with the children and sharing that mindset which can help our children become superstars at whatever they want to be!

Have a wonderful weekend, everyone – you've all earned it!

Many thanks,

Nick Styles

Growing Together – Growing takes time

Week 2

This week, we revisited our Appleton definition:

At Appleton, to THRIVE means to grow and be the best we can be – in our learning, our feelings, our friendships and ourselves.

WORTH NOTICING

Growth is not always obvious. It might look like asking for help, recovering a little more quickly, trying before saying “I can’t” or returning to something after a break. These small changes may be easy to miss, but they are important signs that a child is developing confidence and resilience.

The children used actions to help make each part memorable:

🧠 **learning**, ❤️ **feelings**, 🤝 **friendships** and 😊 **ourselves**.

In assembly, we looked again at the plants we saw last week. Although they did not appear to have changed very much, we discussed how important growth may still be happening underneath the soil.

The children reflected on their own small steps since returning to school - learning a routine, asking for help, trying something difficult, managing a worry or recovering after a tricky moment.

Our message was simple:

We cannot always see growth straight away—but that does not mean it isn't happening. Growing takes time, and every small step counts.

A PHRASE FOR YOUR POCKET!

“You don’t have to do it all at once. What is the next step?.”

Awards

PTA

Fridays Snack Attack is back.

Every Friday on the playground, 50p per item. Please bring cash.

The next PTA meeting will be held on Wednesday 23rd September in the hall from 6.30pm

A horizontal row of 25 small orange dots.

We are a 'Nut Aware' School

A polite reminder that we have children in school who have severe nut allergies. Please ensure that you do not bring nuts on to the school site or include them in packed lunches.

Thank you for your support with this.
